## 4th Annual 'Trade Show' Opens Friday Afternoon

### Plan Series Of Meetings On Mental Health Education Needs

Gr. 1 Meeting For Next Monday

DR. JUDSON W. FOUST

### 13 Glee Clubs Here Today

Glee Clubs from 13 high schools including Grayling are competing in a Glee Club Festival at the Grayling High gym here today (Thursday).

Singing will start at about 8:30 a. m. when the individual glee clubs will perform before the adjudicators for comment and rating. The adjudicators rate the glee club on a 1 for best through 5. Later in the afternoon, about 2 p. m., the 750 voices of all the glee clubs will join in mass singing. The Michigan State Vocal association has named 12 required numbers. Each glee club must perform at least one of the numbers before the judging group in order to be rated. Each glee club will spend about 15 minutes before the judges.

The public is cordially invited to drop in at the gym to hear any or all of the singing both morning and afternoon. There will be no admission charge.

### Church Notice

The Reorganized Church of Jesus Christ of Latter Day Saints presents Elder Ernest Burt in a series of addresses starting April 7th at 8 p. m. in the church at Plum and Smith Streets. His subject will be "The Gospel Restored." The lectures will be illustrated by the use of charts. A question box will be available, the questions being answered the following night.

Services will be held every night but Saturday. All are welcome to attend. Roy Newberry, Frederic, pastor.

### Request Alumni Address Changes

The mailing list of the Grayling High school alumni is now in process of being revised. Any change of address changes, please contact Phyllis Ziebell, phone 3281.

### GRANGE NOTES

April 15th is social night at Crawford Grange. The Bear Archery Company is furnishing a film of interest for entertainment. The public is invited. There will be a small charge for the lunch.

### Frederic Post Office Installs New Screenline

A new screening, the wall that divides the lobby from the work room, has been installed at the Frederic post office. It was installed last Wednesday by a mechanic from the Post Office Department in Washington.

The new installation replaces what might have been the original installation in the post office at Frederic. The age of the old installation has been definitely placed at over 50 years but whether it is the original or not can not be ascertained.

The new screening contains two windows to service the public. One is the money order and registered letter window, the other services parcel post, stamps and general delivery. The new screening also contains over 125 lock boxes. This eliminates the old call boxes and patrons of the Frederic post office can now get their own mail with their key through their lock boxes.

### Giegling Named As New Mayor

City Councilman Emil Giegling was named as the new Mayor of Grayling at an organization meeting of the City Council held Monday evening at the City Hall. Newly elected Councilman Wesley LaGrow was seated on the Council.

Don K. Gothro who has served several terms as Mayor Pro Tem was re-elected to that post. Former Mayor Albert L. Roberts was elected as one of the members of the City of Grayling on the Board of Supervisors. The Mayor automatically becomes one member from the city on the County Board.

These moves left the representatives from the City on the County Board the same. Roberts has served several terms on the Board as he has been the Mayor. Giegling has been in the past to fill the other post.

### Final Rites Read For T. W. Hanson

Final rites for Thorwald Wilhelm Hanson were held Friday, April 5th, at 2 o'clock in the afternoon at the O'Brien Funeral Home. The Rev. B. C. Puffer officiated at the ceremony. Mrs. Floyd Taylor provided music. Interment was in Elmwood cemetery, with T. P. Peterson, William Christensen, Holger (Dad) Hanson, Dr. C. G. Clippert, Roy Miller and J. J. Joseph acting as pallbearers.

Mr. Hanson, known as "Tee" Hanson, was very active in the lumber industry and in 1908 the firm of R. Hanson & Sons was organized. A mill was built where the Airport now is located, and a little community was established and called "Tee Town." The mill and planing mill operated until 1918 under his leadership.

Mr. Hanson was always interested in the affairs of our village and pioneered in keeping it on the map when the lumber industry went out. He served as Village president before being elected to a city, and even though he held no political office he was always interested in what was good for Grayling.

He took upon himself the job of fighting to get the state of Michigan to accept his father's gift of some 15,000 acres of land for a military camp, now Camp Grayling.

His last deed before leaving for the west was to get the Grayling cemetery cleaned up and put on a permanent upkeep basis.

There were many other matters in which he was interested and fought for, for the good of his community.

Out-of-towners here to attend the funeral included his daughter, Mrs. Earl Taylor of Princeton, N. J.; Mrs. Bauman Routier, who came from Salisbury, N. C.; Mr. and Mrs. Richard Snyder and Miss Peggy, of Bay City; Miss Emma Louise Pochelon of Detroit; Mrs. Charles Wheeler of Owosso; Esbern Hanson, Jr., of Bay City.

### Held I. G. A. District Session On Sunday

On Sunday afternoon, April 7, the annual IGA district meeting, sponsored by Alpena Wholesale Grocers Co., was held in Grayling in the new High School auditorium. The meeting was opened at 2 p. m. by Harold Parks, owner of the Alpena Company. Speakers were present from IGA Headquarters in Chicago and Armour and Company. Three Sherer refrigeration units were brought in for display, showing the new aluminum and color trim. Armour and Company used the cases for a meat and cheese display.

A new metal grocery island was also shown. A complete line of IGA food items was set-up along one wall of the gym.

Movies were shown from the stage.

At the close of the meeting, drawings were held for special gifts which were given to those present. 115 persons were served a chicken dinner at 5 p. m. by the Lutheran Jr. Aid, which included the Mr. and Mrs. M. J. M. and Mrs. M. J. M. Many commitments were given on the beautiful new building.

### April Proclaimed Cancer Month

Mayor Emil Giegling proclaimed April as Cancer Control Month today and urged support for the American Cancer Society's Crusade for \$1000.00 in Crawford County.

The 1957 ACS fund-raising and educational campaign was launched Monday, April 1. The nationwide goal is \$30,000,000 which will be used in support of research, education and service programs.

The proclamation declares: "Because cancer is one of the most critical health problems, our community, our state and our nation has ever faced, and because important progress in the battle to control cancer has been made through the efforts of voluntary agencies such as the American Cancer Society and its programs of research, cancer education and service, I hereby proclaim April 1957, as Cancer Control Month, and earnestly invite the fullest and most generous support for the annual Cancer Crusade that its life-saving work may continue. I also urge the medical profession, the press, radio and television and all agencies concerned to join actively in observance of Cancer Control Month."

### Kiwanis Club Notes

Ed Lowrie was inducted into the Kiwanis Club of Grayling at the Monday evening meeting of the club held at Shoppenagons Inn.

Ed Lowrie, Governor Earl Burns and Art Clough acted as inducting officers. New member Lowrie was presented with a nippie which he must wear on his lapel of his coat at meetings until another new member is inducted.

Don Jansen newest member prior to Lowrie, acted as the presentation officer. Robert Bovee was in charge of the program and screened a movie entitled, "The Smith Plan." The movie, a product of the Ford Motor Company was based on five safety driving tips. The movie gave examples of the tips and how they aided motorists in avoiding accidents.

Plans for the All Sports Banquet which the club is sponsoring for the Grayling High football, basketball and track squads are progressing. Robert Bovee is chairman and the presentation banquet would be held on Monday, April 29 at the high school gymnasium. It will be a planned potluck and Kiwanians and their wives, members of the three athletic squads and their mothers are invited. The presentation speaker will be head basketball coach, Ted Kjolhede of Central Michigan College.

### Two Auto Accidents Cause Minor Injuries

A car driven by Gerald LaMotte, 22, of Grayling struck a patch of ice on M-72 west of Crawford and skidded out of control at 12:30 last Sunday morning. The car after skidding down the highway and across the shoulder of the road, came to rest in the AuSable River in about two feet of water. LaMotte was taken to the Grayling Hospital suffering from stomach injuries, where he is still a patient. The accident was investigated by Deputy Sheriff Rola Failing.

Last Tuesday, cars driven by Larry L. Yoder, 18, of Grayling and Charles W. Lodge, 17, of Frederic collided on county road 612 about a mile and a half west of Frederic, at 8:15 in the evening. Riding with Lodge was Judy Traller of Frederic and John Smith of Star Route while in Yoder's car was Joseph Holzman and Clare Madsen, both of Grayling. Sheriff John A. Papendick investigated the accident. Several of those in the collision were treated at Mercy Hospital for minor cuts and bruises.

FBI investigator T. Kramer of Traverse City and Deputy Sheriff Failing arrested Larry B. Love, 16, of Frederic last Wednesday on charges of desertion. He was held at the Crawford County jail until 1 p. m. Friday when he was turned loose.

### Jo Hold Softball Organizational Meet

A meeting to organize and set up a schedule for the coming season for the Grayling City Softball Association will be held at the Grayling High Gym on Wednesday evening, April 24th at 7:30 p. m.

All interested persons whether they played last season or not are urged to attend. It is hoped to set a line up of teams and captains and sponsors are asked to be present.

### Schaefer, New Owners Of AuSable Cafe

Frederick and Ruth Schaefer formerly of Lansing, have purchased the AuSable Cafe, at 302 Emmett Smith have been the owners for the past four or five years.

Mr. Schaefer, who was born in Minnesota, has done shop work in Lansing for the past 15 years. He is familiar with Grayling, having hunted in the area for several years.

The Schaefers took over the business April 1st. They plan to redecorate while continuing to serve good meals. Their hours are from eight in the morning until the last customer, which is generally around midnight. Mrs. Dick Thompson is assisting Mrs. Schaefer in the kitchen.

### PTA Undertakes Playground Project

At a recent meeting, the Grayling Parent-Teacher Association voted to assume responsibility for a playground improvement program which would provide a small hard-surfaced area suitable for marbles, hop-scotch, rope-skipping and similar activities.

The playground has long been recognized as one of the least commendable features of a very fine school. Insufficient space and inadequate facilities have seemed to shrink as constantly swelling enrollment made greater, greater and greater demands. Something should have been done about it, long ago, but the same constantly increasing enrollment made many other demands—class rooms, class room teachers, teaching equipment—and always the slave-driving fact of rising costs.

### Final Rites Read For Alva Lee Hull

Funeral services for Alva Lee Hull were held Thursday, April 4, 1957, at 2:30 p. m. at the Congregational Church in Lewiston. The Rev. Oliver W. Benson, pastor of the Congregational Church, officiated. Mrs. Ida Updegraff, past Grand Organist of the Grand Chapter of the O. E. S. provided organ music. Members of the Masonic Lodge stood guard before the services, and also acted as pallbearers. Interment was in the Lewiston cemetery.

Mr. Hull passed away Sunday, March 31st, at the hospital in West Branch, after suffering a heart attack, the previous night. He had been in good health until the time of the attack.

Lee, as he was known to his fellow workers, had been Superintendent of the Crawford County Road Commission since coming to Grayling in 1942. He took his engineering degree from the University of Michigan following his marriage in 1922. Besides his affiliation with the Moline, Ill. Masons, he was also a member of the Grayling Lodge No. 356, a member of the Cheboygan Commandery of Knights Templars, and a veteran of World War I.

Among those who attended the funeral services were his sisters, Mr. and Mrs. Ralph Borders of Benton Harbor and Dr. Amy Truitt of Davenport, Iowa, a brother, Mr. and Mrs. Joseph Pinner of Alpena, his aunts, Mrs. William Tindall and Miss Cora Myers of Boyne City, Mrs. Lottie Patrick and Mr. and Mrs. Emmitt Pierce of Boyne City, Dr. and Mrs. Roy S. ## BUSINESS AS USUAL

Mr. Charles Stoddard, formerly route-salesman for the Grayling Laundry and Dry Cleaners, has announced that on April 8, 1957, he will offer the services formerly managed by John H. Peterson. The phone number and address will remain the same for the time being. A new call office will soon open adjacent to the Jansen Heating and Plumbing Service. The change will cause no interruption of service to call office or route customers. Mr. Peterson will devote full time to the Life Insurance Business in the Grayling area as an Agent for the Northwestern Mutual Life Insurance Company of Milwaukee, Wisconsin.

most convenient  
protection ever  
devised

What financial problems are involved when you're admitted to a hospital? None if you're a Blue Cross member!

There are no credit forms to fill out and no references are needed—at any participating hospital (there are over 200 in Michigan alone).

These hospitals know that you are entitled to all the hospital services specified in your Blue Cross contract—and that Blue Cross will pay for these services, no matter how much they cost.

In a big majority of cases, Blue Cross covers the entire bill!

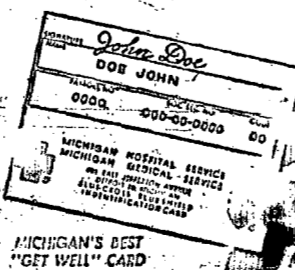

Another thing—Blue Cross pays the hospital directly. There are no claims to file, no waiting for payment. No need to tie up cash—even temporarily.

The companion plan—Blue Shield, for doctor bills—is just as convenient... your doctor is paid directly.

With Blue Cross + Blue Shield protecting you, you have the feeling of security and convenience. Protection worth having? Just ask someone who has it!

"THE NORTH'S FINEST"

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champion in handling ease, braking, acceleration, passing ability, smooth-

ness of ride and other driving qualities you want in a car.

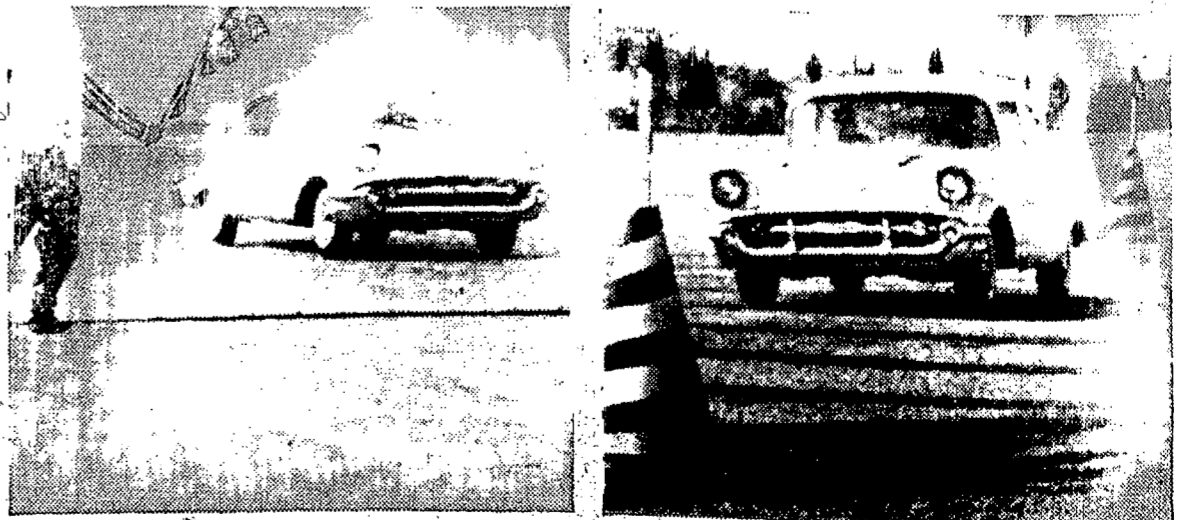

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

Chevy showed it's still the champ...  
at Daytona...and in the Decathlon!

## Vaccination Makes Sense...

Suppose someone took you aside and said: "You enemy who may waylay you and cripple you. But I know how you can stop this enemy. You act fast. It won't cost much money, and it'll only 180 seconds of your time."

You knew the facts were true, you'd take him up, wouldn't you?

Well, the facts are true. The enemy is paralytic polio. You're under 40 years old, you're a possible victim, you may face a life shattered by disability.

There is no cure for paralytic polio, but there is a preventer. The preventative is the Salk vaccine. It works. Three properly spaced shots — one a shot — gives you protection.

Over 45,000,000 Americans have been smart enough to get this protection. But 60,000,000 in the susceptible group have been foolhardy enough to neglect it.

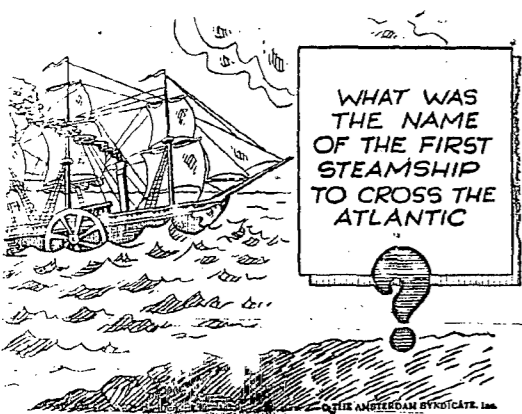

Don't be one of the foolhardy ones. The polio season is soon. You still have time to safeguard your family if you act at once. Go to your doctor now. Vaccinate — before it's too late!

## Keep Clean - Up...

Keeping our community clean is an important duty to give to your health, happiness and comfort. Cooperative efforts to give communities a thorough cleaning at least once a year were first undertaken years ago. Their purpose was to teach the importance of continuous cleanliness in and about the home.

First the campaign was devoted to ridding homes

and yards of rubbish and waste that had accumulated during the winter months. Later the campaigns were spread over a period of a week or longer. Not only is an effort made to collect and cart away the winter's accumulation of waste, but many communities also undertake programs of fire prevention education and home beautification. Cellars, attics, backyards, vacant lots, alleys, streets—in fact every spot in the city, whether on public or private property, comes under scrutiny by public officials and citizens' committees.

In recent years the movement has spread so rapidly that today practically every city has a spring campaign, some repeating the effort in the fall, during Fire Prevention Week. Many others according to the National Board of Fire Underwriters, make a continuing year-round campaign.

Since we individually in this community stand to benefit greatly from this activity, we all should do our share of the work. Then the rewards of health, happiness and comfort will result.

## In Grayling 23 Years Ago

Interesting Items of News Gathered From the Files of the Avalanche of 23 Years Ago.

23 Years Ago — April 12, 1934

While the following is not from the 23 years ago file, it seems appropriate to reprint it at this time. There is considerable credit due to our High School basketball team for their fine record of this year. We have played the best teams in northern Michigan and each time came out victorious. Out of the ten games played, Grayling, undefeated, had a total of 432 points against 163 made by their adversaries. The team, with their coach, Mr. Ball, are attending the tournament at Ypsilanti and at Ann Arbor next week. Carl Doroh, Grant Thompson, Art Karpis, Carlton Melstrup, Frank Shanahan, with Roy Case and Gordon Chamberlain as substitutes, were the team.

The Grayling team, after winning the State championship against all schools of the state with an enrollment of 200 or less, at Ypsilanti, rested a few days and then entered the contest at Ann Arbor, open for all high schools of the state. They won from Ann Arbor, and from Pontiac the same day. Their next contest was with Northwestern High of Detroit, which they lost. This eliminated Grayling from further contest. Northwestern went on to win the State basketball championship.

Last week Wednesday, Esbern Hanson and John Bruun were in Detroit, attending a meeting of the McClanahan Oil Co., of which both gentlemen are directors. Walter L. McClanahan, president of the company, who is called the king of Michigan wildcatting, lately purchased the beautiful Murray lodge on the Ausable river, which he and his family will soon occupy.

The Michigan State Liquor Control Commission is opening a liquor store in the building formerly occupied by the Bank of Grayling. Ernest Larson has been engaged as manager and Wilfred Laurent as cashier.

"The Drums of Death," presented by the Junior Class last Friday night, was of a different type than any attempted by the high school actors. The cast gave a notable performance, with Josephine Roberge doing a convincing bit of work as Celeste, the octonov servant whose prophetic and hypnotic powers were highly important to the plot. George Lietz presented Sheldon Harley very effectively. It was a nice piece of work in a difficult role. Jules, the stalwart Haitian negro servant, was played by Sam Gust. His knowledge of the drums and his partnership with Celeste, plus his knowledge of knives and his secret revenue made him an important character. Mrs. Oatley, the distraught housekeeper, had her lining with a sleepwalking lantern-carrying act that was packed with punch. Eva Madsen did an outstanding piece of work as Mrs. Gillette who didn't believe there was danger and stayed to be convinced, and Eva Mae Bugby as the distant, related, Eugenie. Ernest went convincingly through the same mental processes. Jean Peterson as Amelia Gillette suffered

from the rest in a well-played part that called for some artistic fainting. Newt Cooper was the sheriff who struggled on without his badge or his ability to spell. Kenneth Hoels put that part across and did it well. Dr. Cameron, the villain Thompson, was taken by LeRoy Millikin. Marie Buck, Mr. Bailey's granddaughter was well cast in her part. The class of 35 deserves credit for its presentation and Miss Berry, director, made it all possible.

Mr. and Mrs. Leo Jorgenson are driving a new Chevrolet. George Granger has purchased the property on Ogema street owned by the Roy Homberg Estate. He expects to remodel the building to suit his taste.

At a meeting held by the Eastern Star in their new hall on Wednesday evening, Mrs. George Hilton was initiated into the lodge. After the meeting, refreshments were served.

C. E. Johnson of the Detroit-Edison Co., is building a new cabin on the Ausable river, on property purchased from Adam Gierke. The foundation is already in and work on the upright will begin at once. Mr. Johnson is using the modern building material, Air Lock logs, manufactured by the National Log Construction Co. of Grayling. We welcome Mr. Johnson and his family to our community.

Mr. and Mrs. Fred Bishaw and family visited relatives in East Jordan over the weekend.

Wild Geese have been seen going north. This should indicate the coming of warmer weather, which would be most welcome.

Dr. and Mrs. C. G. Clippert had as house guests over Sunday, Mr. and Mrs. George Shuman of Detroit.

Miss Lucinda Collen, of Detroit,

visited her parents, Mr. and Mrs. George Collen and family over the weekend. Oscar Schumann spent Sunday at Benah. They accompanied Editor and Mrs. Eugene Matheson and daughter Isabel of Roscommon.

Edward Mayotte spent the week end in Detroit. He was accompanied by Mrs. Rasmus Jorgenson, daughter Miss Helga and son Ben. Mrs. Jorgenson remained for a couple of weeks' visit with her daughter, Mrs. Ralph Warner and family.

Mr. and Mrs. M. A. Bates and Lieut. R. E. Bates and three children Bett, Melvin and Joan spent the weekend in East Lansing visiting Mr. and Mrs. Ben. Jerome. While there Mr. and Mrs. M. A. Bates celebrated their 47th wedding anniversary.

Dr. Stanley Stealy returned to Grayling Monday evening from Charlotte, where he had spent several weeks at his home. Saturday he will resume his position as Director of this district of the Children's Fund. Dr. Klein Schmidt has been substituting for him since Jan. 15, will return to Ann Arbor.

Miss Mildred Corwin of Lansing spent the weekend here visiting her parents, Mr. and Mrs. Neil Corwin. She was accompanied by her sisters Miss Ruth Corwin and Mrs. George Hilton and son Terry who had been visiting her in Lansing for a week.

Mr. Matthews, a member of Harbor Springs city council, addressed members of Grayling council last Thursday night on the matter of city management. He told of the great improvement in government that has come to his city every since becoming an incorporated city. He cited many reasons why Grayling should come under a city charter. Many questions were asked of Mr. Matthews by Mayor Clippert and members of the council. The matter will be further investigated by the council and it looks as though Grayling would soon be shaking out of its village habilitment and wearing the raiment of a full fledged city.

46 Years Ago — April 13, 1911

Last Monday was the first ideal spring day of the year, and every body seemed to enjoy it.

Mr. and Mrs. Andrew Larson, now of Manistee, are visiting at the parental home of Mr. and Mrs. H. Peterson.

Messrs. Frank and E. P. Richardson of South Branch were doing business with our Probate court Monday.

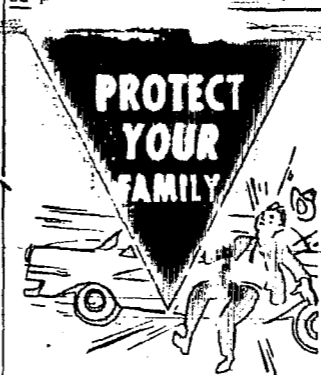

The icy condition of the walks for two days last week was responsible for several of our citizens taking severe falls.

Supervisor Barber of Frederic was in town Monday looking as though the decision of the late election was not displeasing to him.

Jas. Smith was in the village from Frederic the first of this week. He has some lumbering contracts in view, which may help him to provide food for his family.

Cleaning up time is here. Some of our citizens are already at work on their lawns, and the street commissioner is looking over the village to decide where to begin. The Township Board, Highway Commissioner and citizens who are interested in highway improvement, are having informal discussion on that subject which may result in much more permanent work than ever before. The village needs it, the county demands it, and it is true economy. Patchwork is expensive and never satisfactory.

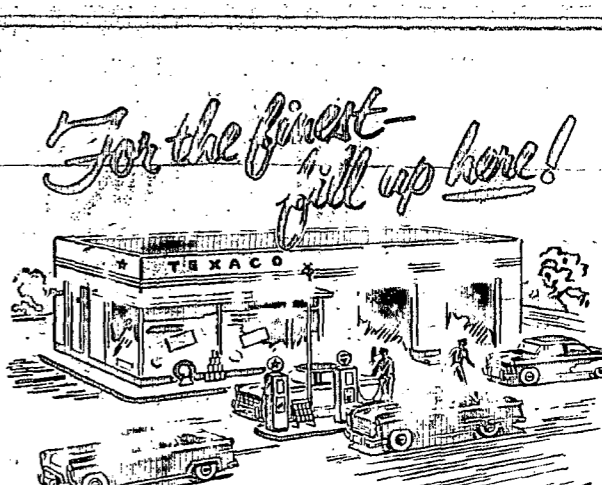

Geo. Leonard met with a serious accident last week, by being struck by a lever on the log carriage in the big mill, cutting and bruising his face. The lever was thrown in the way to turn a log, and never be quite

he reason I refer to Adak as the rock is because that is the name that everyone has labeled it. But that is all it really is, just a rock out in the middle of nowhere, where there is no liberty, no women, and not a thing to do except to crazy which a lot of guys are doing because there is at least three or four guys a month they have to hospitalize because of a nervous breakdown, and sometimes I have been thinking of pretending that I am a little nuts and that wouldn't be very hard to do for me, so that I could get shipped off the rock...

## Mackie, newly Elected State Hiway Boss May Face Fight For Post

THE TERMS "QUALIFIED ENGINEER" and "REGISTERED ENGINEER" may be battled around in front of Michigan's Supreme Court as John C. Mackie, Democratic candidate for state highway commissioner, received the voters' approval for that office.  
Currently, the Michigan Society of Professional Engineers (MSPE) is doing a slow burn because Mackie is not registered as an engineer. MSPE contends that according to Michigan law, this makes him ineligible for the highway post.

An MSPE attempt to force Democrats to select a new candidate for highway commissioner failed when the state Supreme Court refused to issue an order to Secretary of State James M. Harbo to keep Mackie's name off the ballot.  
The Mackie-MSPE dispute appears to be heading for further legal tests if the Democratic candidate is elected.  
Robert E. Childs, attorney for the professional engineering group, says he assumes the court refused to rule on the issue before the election because the usual method of ruling on a candidate's qualifications is to wait until after he is elected.

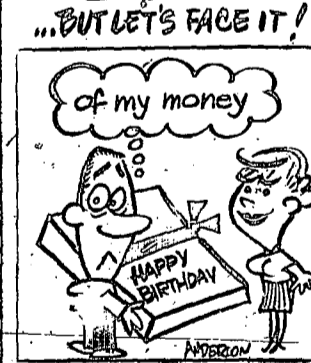

Charges of "politics" were leveled against the suit by Democratic State Central Committee Chairman Neil Staebler. Childs refutes the statement saying, "A. C. Friel, president of the MSPE, has instructed me that the suit must be brought against any man running for highway commissioner, regardless of political connections, if he isn't a qualified, registered engineer."  
The bone of contention centers around the word "registered." Mackie holds a degree in civil engineering from Michigan State University. However, he is not registered as an engineer. At present he is a registered surveyor at Flint.

Main basis for filing the original suit and for any future legal action should Mackie be elected is a 1937 law which requires the highway commissioner to be a registered engineer. This in turn is supported by a ruling of the Attorney General in 1945 that county road commissioners must be registered engineers.  
If Mackie were elected and then disqualified, the appointment of a successor would be up to Governor Williams.

MICHIGAN'S NEW TEEN-AGE DRIVING LAW is off to a flying start according to reports from schools around the state.  
Since Feb. 1, no person under 18 can qualify for a license without an approved course in driver's education.

Few complaints have been received from either parents or students that the new law is creating any hardships, says Norman E. Borgerson, deputy superintendent of the State Department of Public Instruction.  
All schools have successfully instituted the program. Prior to the adoption of the law in February some of the larger schools were afraid they could not provide ade-

WORDS — or Just Being Human  
by Brad Anderson

the bill. Retailers, bankers and liquor licensees point out that driver licenses are often used for identification of customers. They believe a photograph would assure positive identification.  
Retail spokesmen also believe bad check passers, who often rely on stolen or counterfeit licenses, would be greatly deterred.

Big questions to be answered are how much would such a program cost and how can it be handled efficiently? No information exists at present because other states do not require photographs.  
Sidney J. Woolner, deputy Secretary of State, suggests that such a program be put on a trial basis. By limiting the requirement to only a few counties at first, costs and administrative problems could be determined. Beyond this single reservation Woolner said the Secretary of State's office recognizes the soundness of the proposal and endorses the basic idea.

National System of Interstate Highways  
should be paved with concrete

You have a personal stake in these Interstate roads. They are part of a vital network reaching every state, 42 state capitals, and nearly every city of 50,000 people. The National System of Interstate and Defense Highways will make up only 1% of total road mileage, yet will carry more than 20% of the rural traffic vital to this state's commerce, industry and defense.

While Federal funds will help build the system, the states must maintain the roads forever. This makes concrete the logical pavement choice. Concrete is moderate in first cost, has low maintenance cost and extra long life. The result: low annual-cost service, thus conserving your state highway funds for more new roads.

Insist on concrete pavement for US-27 from Grayling to the Straits for durability, low maintenance cost, skid-resistance and other safety advantages. Northern Michigan deserves the best! That's concrete.

## HILDRETH - WAITE VOWS SPOKEN

Miss Evelyn Hildreth of Lansing became the bride of Ray Waite of Grayling at one o'clock Saturday afternoon, April 6th, at the Free Methodist church. The Rev. Donald W. Healey performed the ceremony. Miss Bethlyn Campbell sang "I Love You Truly."

Mrs. Healey played "The Love of God" as a piano selection.

The bride is the daughter of Mr. and Mrs. George Hildreth of Lansing. She has lived in Lansing and attended schools there. The groom is the son of Mrs. Estella Waite of Grayling. He attended Grayling schools. The young couple are making their home in an apartment at 808 Mikado St.

The former Miss Hildreth was attired in a pink afternoon dress for her wedding. She was given in marriage by her father. She was attended by Mrs. Daniel Hively, sister of the groom, who was dressed in blue. Mr. Hively acted as best man.

Mrs. Hildreth was dressed in black for her daughter's wedding. Mrs. Waite in navy blue. Also present were Walter and Carl Waite, brothers of the groom, and Mrs. Don Thomas and Miss Gloria Jean Hildreth, sisters of the bride.

A dinner for members of the immediate family was held at the Waite home Saturday night.

## Bits O' Talk

Mr. and Mrs. Wilhelm Raee were expected home Wednesday or Thursday from Detroit, where Mr. Raee had undergone surgery at Harper Hospital March 25th. The Raees were in Saginaw Tuesday, taking it easy on their return home.

Weekend guests of Miss Lillian Hill were Mrs. Marie Giese and her nephew Carl Giese, and Mr. and Mrs. Fred Brickman of Dearborn.

Mrs. Ella Wilcox and daughter drove to Birmingham Tuesday where Miss Nancy re-entered Kingswood School Cranbrook after spending her spring vacation at home. Mrs. Wilcox returned home Wednesday.

Mrs. and Mrs. Ted Stephan were in Mt. Pleasant Sunday to attend the opening of the new Reorganized Church of the Latter Day Saints.

Mrs. Stephan's brother, Ted Engel, of Gaylord, who was the contractor for the building, handed over the keys at the ceremony. The Stephens and Mr. Engel visited a sister, Mr. and Mrs. Norman Dawson and family while in Mt. Pleasant.

Mr. and Mrs. William Christensen, Mr. and Mrs. Frank Serven, Mrs. Robert Bovee and daughter Dena drove to Traverse City on Monday where Mr. Serven entered Munson Hospital to be operated on Tuesday morning. Mrs. Serven and Mrs. Christensen remain in Traverse City.

CARD OF THANKS  
We wish to thank our teachers, our parents, our community, and everyone else for making the P.T.A. supper a success so that we might enjoy our new movie projector.

## Find "Object" Sighted

By Grayling G. O. C.

As a follow-up on the Ground Observer story of last week, telling of an unidentified object being sighted Wednesday, March 27th, we reprint the following from the Bay City Times of March 29th:

Huge Balloon Lands Near Alpena. Law officials are attempting today to identify a gigantic cigar-shaped balloon, measuring about 160 feet in length, which became partially deflated and dropped into a wooded section of the Alpena-Saginaw State Park.

The balloon, which was kept a Thursday morning. Several hundred persons from the surrounding area gathered at the Sanborn farm watched as the balloon kept a portion of the balloon in the air while the rest drifted down between trees. Alpena County Sheriff John Faber shot several holes in the balloon with his pistol, releasing the gas so that the air-born portion of the balloon could be pulled to earth. The balloon attachments were taken to the 677th Aircraft Control and Warn-

ing Squadron at Collins Field here for further study. Air Force officials at Wurtsmith Air Force Base near Oscoda said jets had been following the balloon Wednesday.

## NOTICE

Readers - Residents - Voters - Taxpayers  
The entire Michigan Nursery Industry has gone on record in opposing the building of another nursery in Southern Michigan by the Michigan Conservation Department. Forestry Division, for the following reasons:

Commercial nurseries in the same temperature zones can and will produce all the stock needed—without spending one cent of tax money! Michigan Conservation nurseries already sell over 75% of the stock produced by them to the public—some \$1 million.

Private nurserymen feel it is a waste of money for the state to increase production one-third or to 30 million. The cost of state built nursery is too high \$181,000 of Soil Bank money than the Clarke-McNary Act will be granted and government per-rolls will be expanded.

Businessmen claim they can build the same production facilities for approximately 25% of the amount wanted by the state and some nurserymen can expand for \$10,000.

All the nurserymen want to do is to stay in business without government competition, while paying taxes.

If you don't feel you should help your neighbor plant trees with your tax money, write to your Representative, c/o The House, Lansing, Michigan and your Senator, c/o The Senate, Lansing, Michigan. A postcard will do—but do it now!
